### **Outreach & Advocacy**

## **Community Outreach**

### **Advocacy**

# Pillar IV

## Financial Literacy & Legal Aptitude

Literacy  
&  
Aptitude

# Programs Utilized

# WII Transition to Civilian Life

Restoring Wellness & Function

## GAPS AND SNAGS

WII need long term case management services.

The system is complex and often advocacy is needed to maintain access to care.

## SOLUTIONS

Hope For The Warriors® offers intensive case management and clinical intervention via a staff of Licensed Social Workers, Case managers, and MSW advanced clinical students (Fordham, Columbia, and USC).

The team works as a collaborative and integrated team with DoD proponents.

# WII Transition to Civilian Life

Restoring Into Society

## GAPS AND SNAGS

Need for WII families to have services provided, and be a part of the transition process.

Many families are left out of the process.

## SOLUTIONS

Hope For The Warriors® developed the Family Reintegration Program partnered with Holliswood Hospital and has set protocol that the family member can access Health & Wellness services.

Community-based offices in various locations integrating civilian and military supporters and providers.

# WII Transition to Civilian Life

Optimizing Ability & Enabling a Better Future

## GAPS AND SNAGS

Identified gaps in transition with finances due to ratings and compensation decrease.

## SOLUTIONS

Hope For The Warriors® Case management programs assist in financial literacy and budgeting.

When needed, financial support is provided to assist in sustainability of housing, basic needs such as heat and groceries.
